We are updating you on a new Planning Application for the South Street site for 74 potential new homes. Planning Application number: WD/2019/1674/MAO.

You may remember that the first Application for this site has gone to Appeal for non-determination.

Village Concerns has had a very quick look and will update further when we can provide more in depth advice. Essentially the Application is the same as before. There are a few additional documents including: Draft S106 Agreement covering mitigation for the Ashdown Forest, affordable housing and highways commitments.

Though the letters you may have now received, say comments to Wealden District Council by September 5th, the online comments / objections are due by September 20th. So a lot more time than the letter indicates.

Feel free to go ahead and submit your objection or comment as soon as you like. Please encourage your neighbours to as well. The more numbers we get the more it means.

It is vital that you continue to object to this Application.

A gentle reminder that we now have a website with a lot of information on it, including Village Concerns' previous objection to this site, the other sites and all of our updates. The address is: <http://villageconcerns.co.uk>

Thank you - from the Steering Committee of Village Concerns.
